***Amie Beth Sherman  
October 22, 1969  
August 7, 1986***

*Those of us who knew her remember her as a good student and an outgoing, artistic person. We also remember that she loved to spend time shopping and had aspirations to become a fashion designer. One of Amie's dreams was to own a Mercedes, her favorite actress was Marilyn Monroe and she liked to listen to Echo and the Bunny Men, I N X S, and Psychedelic Furs. Her favorite color was pink!*

*Amie was a friend to all:*

*Each of us have memories that are special,  
but these memories have one thing in common-  
how much her friendship meant.*

*Her desire to succeed in life; her smile,  
Her laugh, her different sense of humor,  
Along with her happy-go-lucky self,  
Were traits which will never be forgotten  
By all who knew her.*

*Amie wouldn't want us to be sad about her leaving.  
She would want us to remember her in a happy sense and smile.*

*You will be truly missed Amie, but never forgotten.*

*Your friends
