The J.V. basketball team had a tough year this season, playing in many close games, but winning only a few. It seemed as though they played well enough to stay in each game, but generally lost by a close margin.

The guys put in a great deal of time and hard work in practice to become better players and know that their skills will improve for next year. The team was well balanced with sophomores and juniors and worked well together. Many of the boys developed leadership and co-operation skills working together as a group.

Freshmen

The Freshmen Men's Basketball team had a winning season in 1986-87. They finished the year with 10-4 record. B.C. was led by tri-captains Alex Hackman, Scott Hodge, and Sean McDermott.

B.C. finished near the top in the council and we are looking forward to a fine JV team next year.
