In one word, the 1986-87 J.V. Wrestling team was phenomenal. This was a team that rarely sent out a full lineup and still came up with a nine and four record. This J.V. team also proved itself at tournaments by winning at Queensbury and finishing strong at Ballston Spa, Colonie, and Amsterdam. These wins made this season very exciting, yet this team's biggest accomplishment was its steady improvement throughout the year. If the varsity needed to fill a weight class, it could always count on the J.V. boys to come through. Next year the team should improve further and be even more successful. The future looks bright for Bethlehem.
